

VALERIE WILSON TRAVEL IS EXCITED TO ANNOUNCE OUR PARTNERSHIP WITH **GEOSURE**

VWT is proud to announce our partnership with GeoSure, a global leader in location safety assessment. In an era where health and safety are a larger part of the travel experience than ever before, VWT is proudly making a commitment to our clients' safety through this collaboration.

GeoSure provides a customized assessment of local and personal safety anywhere in the world. GeoSafeScores™ incorporate the most trusted security and health data available, with real-time safety score updates for over 65,000 locations (and counting) across the globe, right down to the neighborhood level.

VWT clients will now have access to GeoSure safety solutions, which will provide them with traveler tools including:

General - GeoSafeScores™

- 65,000+ scored locations worldwide down to the neighborhood level
- Interactive map view and detailed location safety information
- Seven vital safety categories - Nighttime Safety, Physical Safety, Health & Medical, Women's Safety, Theft, Basic Freedoms, and LGBTQ+ Safety
- The first and only provider of Women's and LGBTQ+ safety scores down to the neighborhood level

COVID-19

- Live updates on the spread of COVID-19 and access to important resources
- Global interactive heat map
- Location specific data on cases, deaths, and recoveries - down to the county level in the United States

Dedicated Health & Medical Safety Focus

- Health & Medical map filter displays health conditions throughout the region
- Takes into account hundreds of data sources, including Health and Medical Safety factors surrounding COVID-19

Download the VWTraveler App to experience all the safety features GeoSure has to offer.
